THE NEW LANDMARK
FOR AÑELO AND VACA MUERTA

Añelo Plaza Shopping brings a range of services, dining and retail not yet available in the region, serving a population already settled there that today lacks places to shop and gather. In a context of rapid growth, it organizes and energizes social life, establishing itself as the new urban landmark in the heart of Vaca Muerta.

THE NEW

CENTER OF AÑELO

The shopping center is being developed in the **core of Añelo's urban center**, under the land-use plan designed by YPF: the city's new epicenter.

+4,000

Projected population within a 200 m radius by 2027.

+10,000

Projected beds by 2028 in the immediate surroundings.

Urban Añelo

Plazas, green spaces and the new City Council building under way.

Thousands of people pass through daily with no retail nearby: today that spending goes to other towns.

Your brand, **at the center of the ecosystem.**

MORE THAN STORES

LOGISTICS AND FLEXIBILITY

01

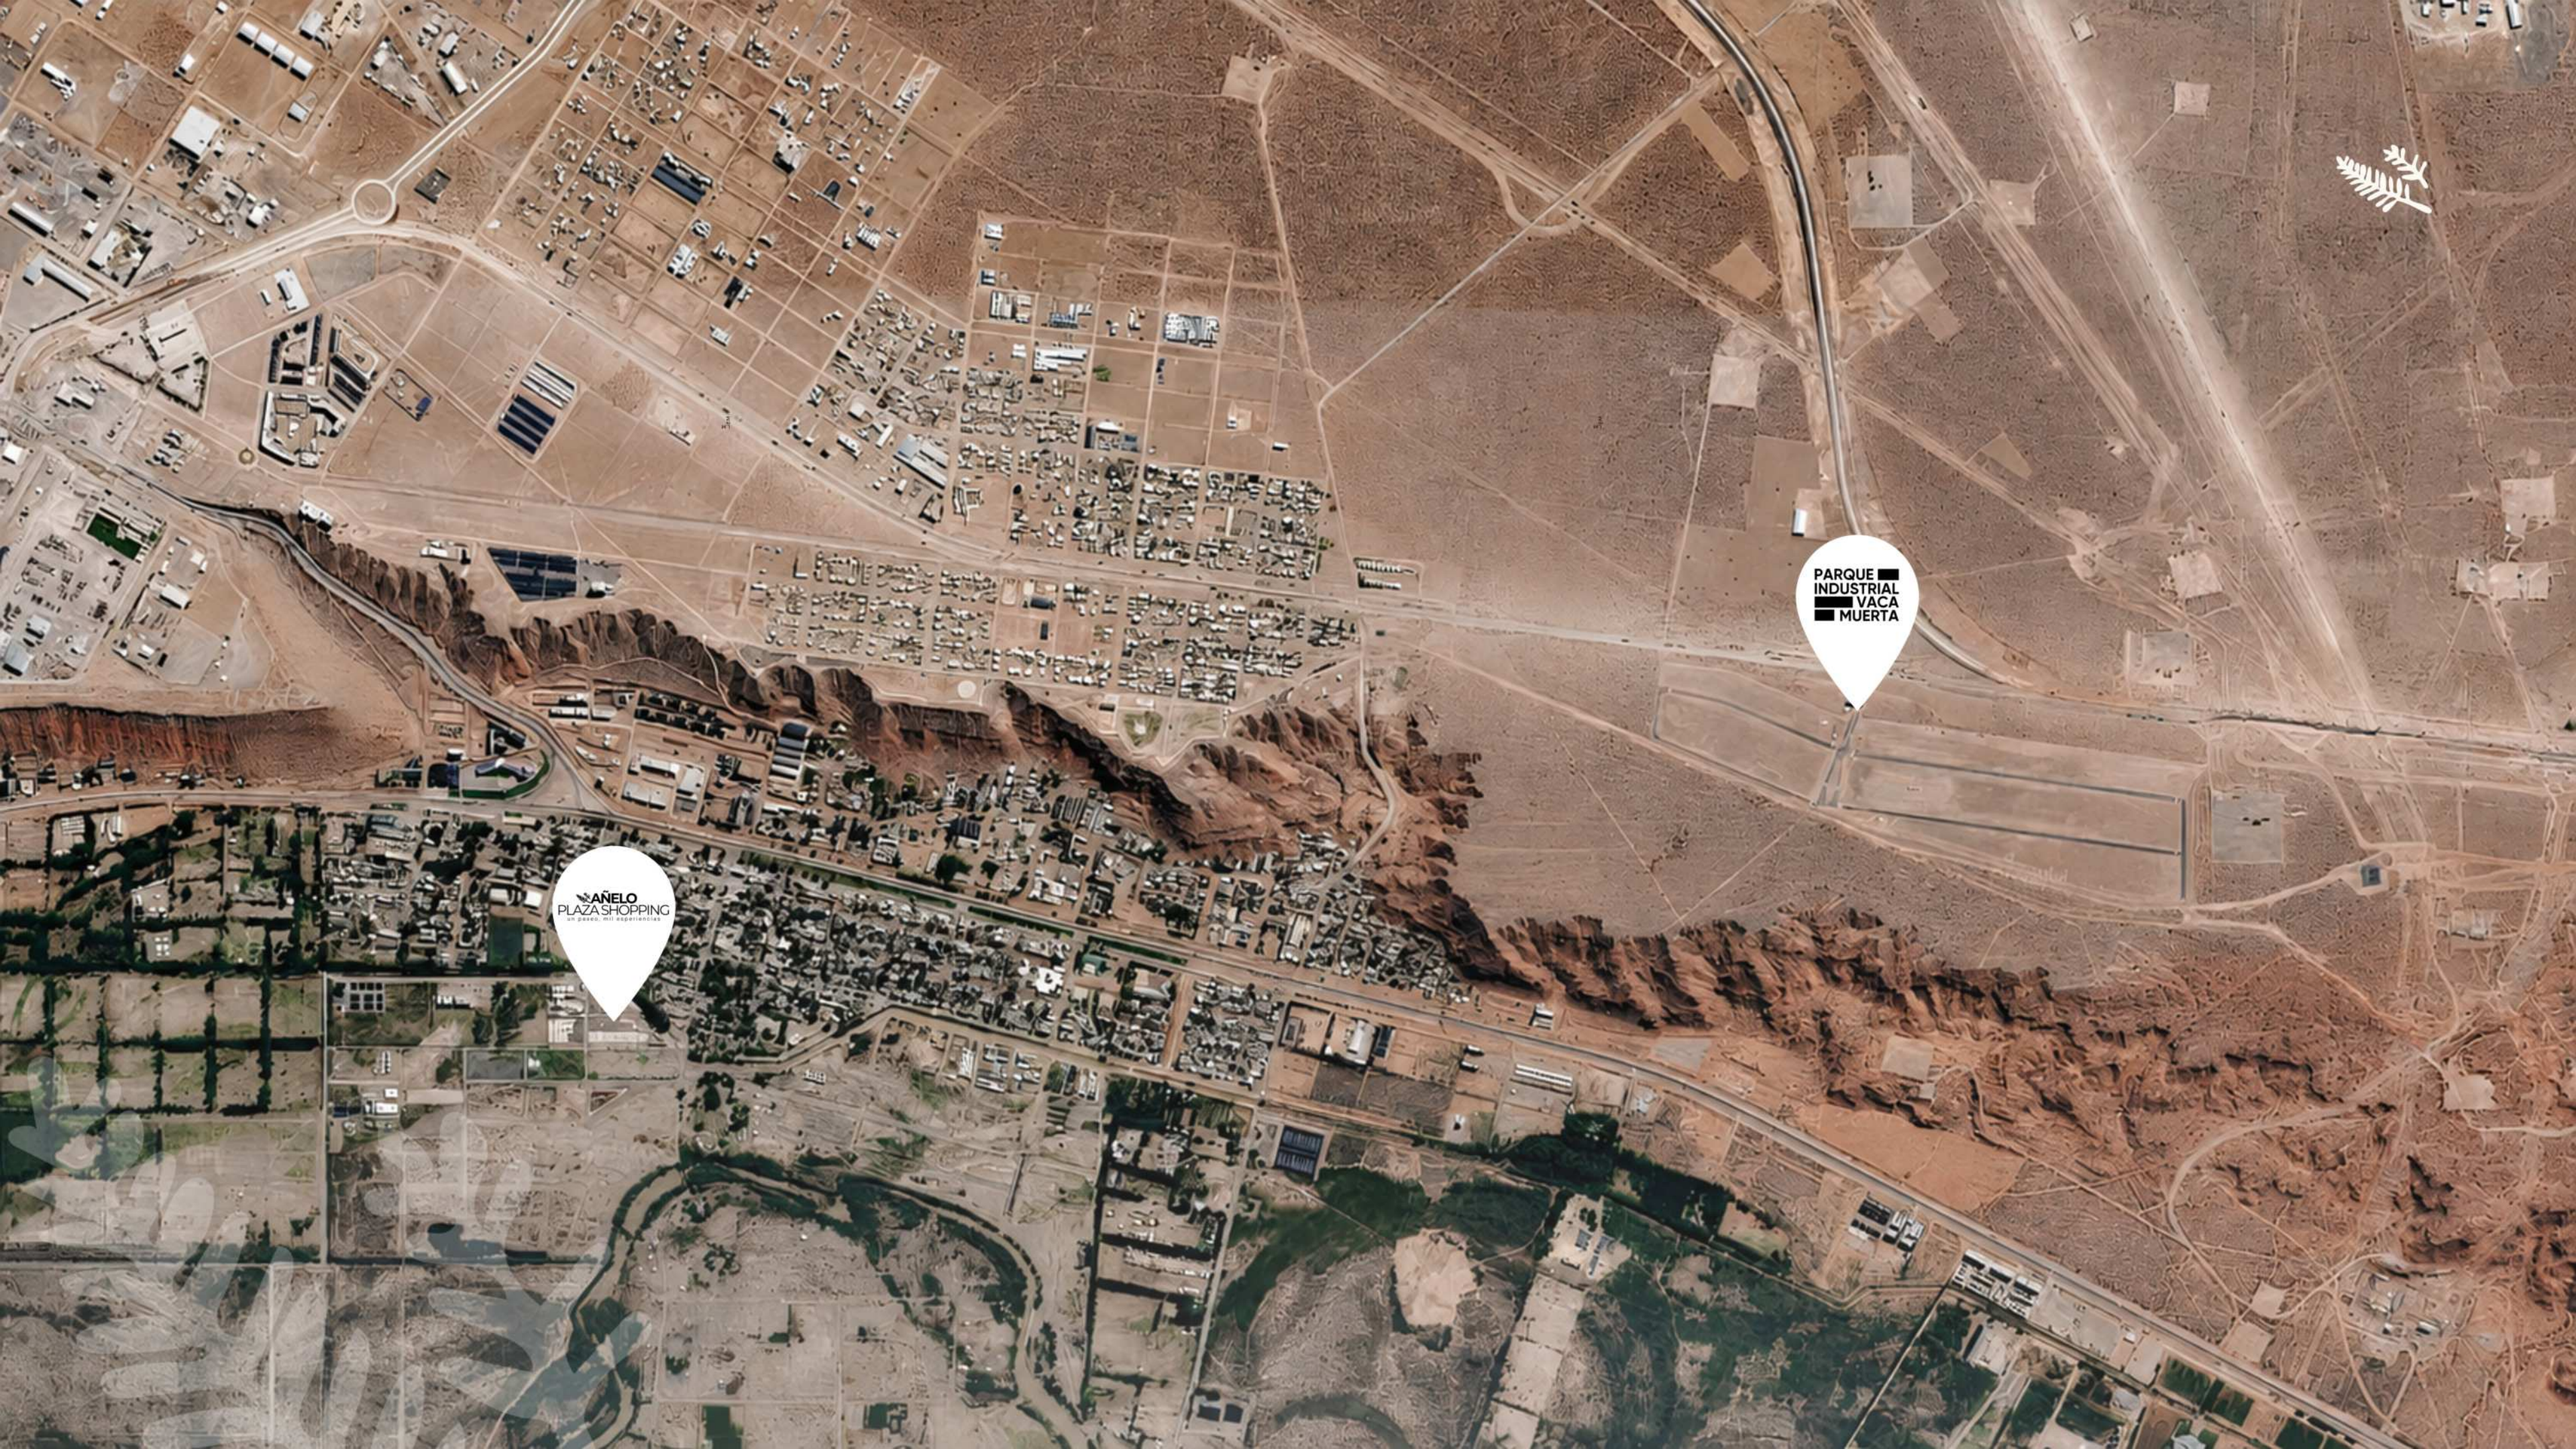

Storage, picking and logistics

At the **Vaca Muerta Industrial Park**, companies can rent storage positions for their merchandise. The shopping center handles the **picking** and delivery of those goods to the store.

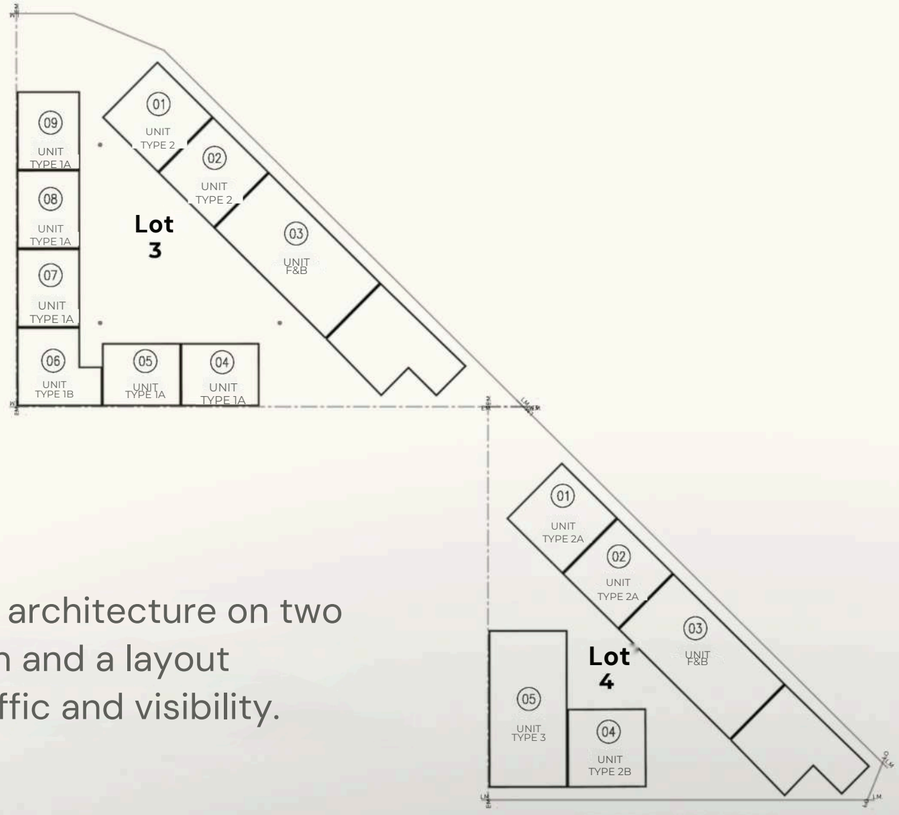

02

Layout flexibility

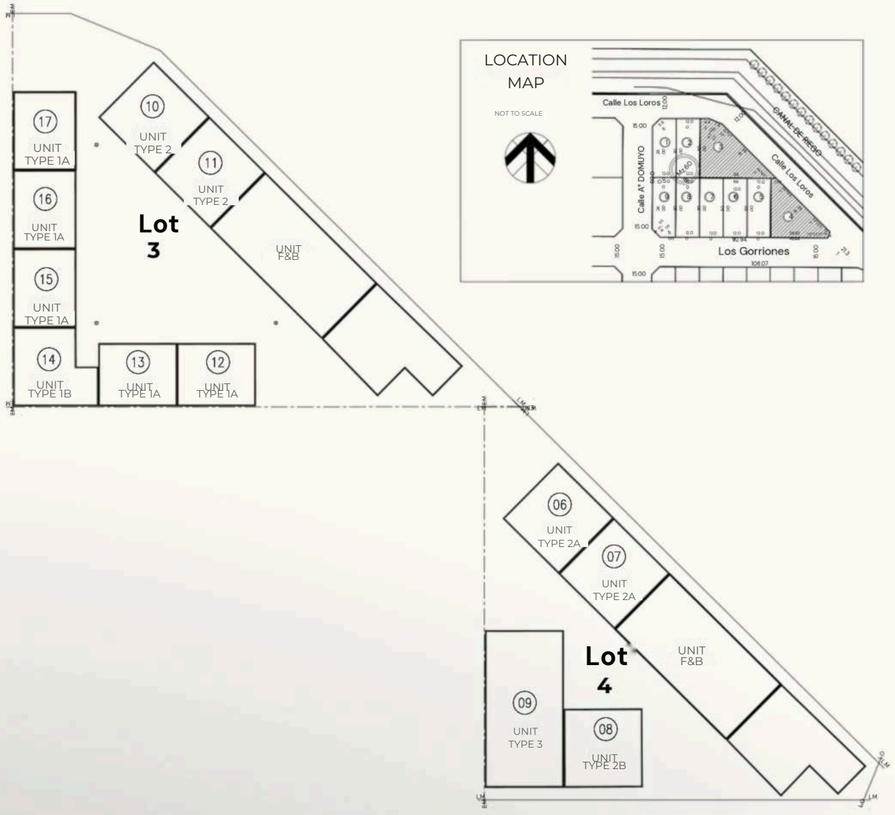

Units in the blocks not yet built are adapted to each company's **specific needs**, always within the project's minimum guidelines. **Lot 10** is delivered with its design already defined.

FLOOR PLANS

GROUND FLOOR

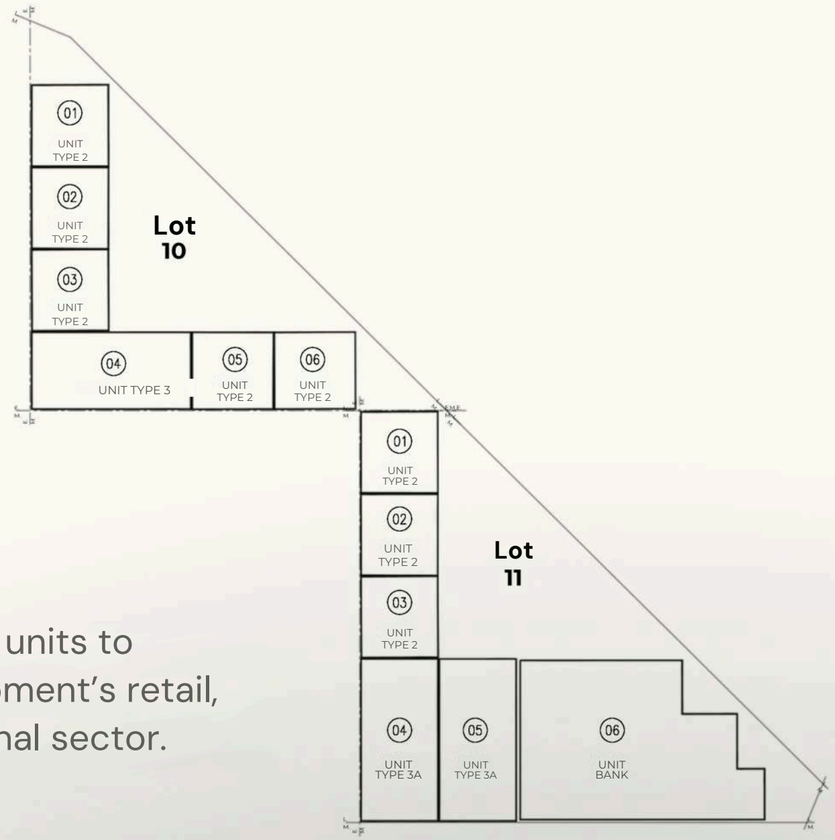

UPPER FLOOR

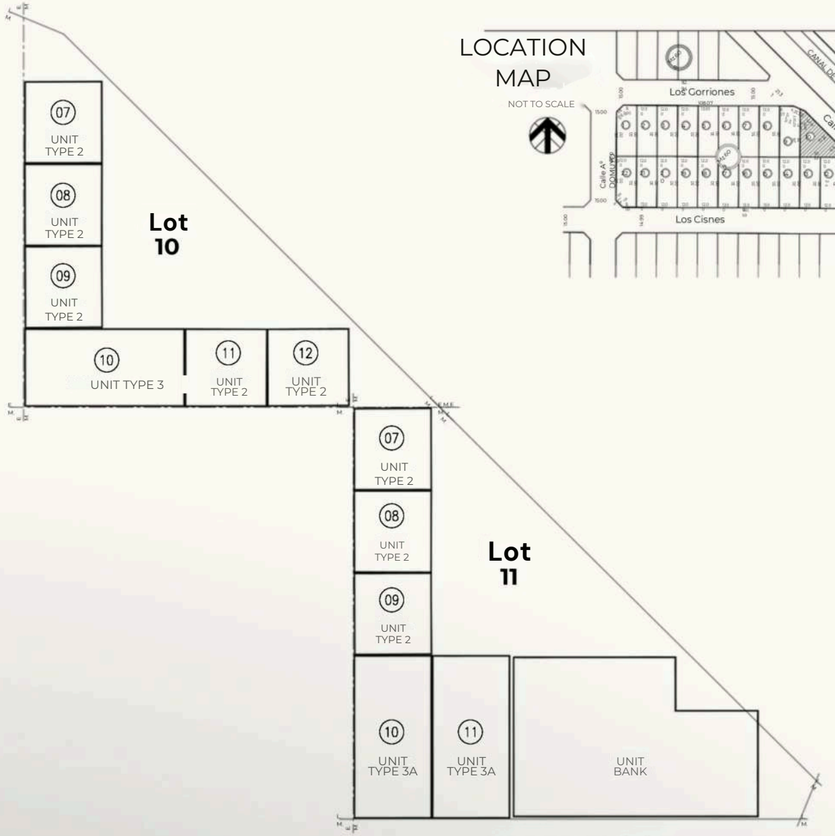

Lots 3 and 4 feature open-air architecture on two levels, with efficient circulation and a layout designed to maximize foot traffic and visibility.

26 units
From 29.4 m² to 222.4 m²

FLOOR PLANS

GROUND FLOOR

UPPER FLOOR

Lots 10 and 11 range from compact units to anchor spaces, hosting the development's retail, professional services and institutional sector.

23 units
From 34.8 m² to 382 m²

COMMERCIAL **TERMS**

01

Unified site management

Ongoing maintenance in optimal condition and a **diverse tenant mix** among the companies on site.

02

Commercial options

Units can be **leased** or **purchased**, whichever option best suits each company.

03

Delivery schedule

Module 1 - Lot 10: November 2026
Module 2 - Lot 4: March 2027
Module 3 - Lot 11: September 2027
Module 4 - Lot 3: March 2028

04

Legal certainty

Deeded units: each unit is registered in the buyer's name, with full legal backing over the property.
